Faye Henry utilizes the sound and vibration of gongs, crystal pyramids, and other fun sound instruments. Faye creates a unique sonic massage just for you. She plays intuitively so no two sessions are the same. The mind has no defense against a properly played gong, so it simply shuts down and allows the mind, body and spirit to become one, in the still quiet place within. The body relaxes and moves into its healing mode. A person typically experiences total relaxation, stress reduction, pain *removal or reduction*, and balance. Many experience shamanic journeys throughout the cosmos. A sonic massage leaves you feeling energized and at peace. The vibration simply sweeps the issues right out of our tissues in an easy and enjoyable way. The comment we get most often is WOW! Ask someone what it is like....and they will tell you that it is amazing and there are no words to describe it....you just have to experience it to understand. So if this sounds fun to you....come experience the vibration of the gongs.

Steve Krejcik uses Shaman techniques of Illumination, Soul Retrieval, Destiny Retrieval, Mythic Mapping, Extractions, and other practices of the Q'ero Shamans of Peru. You will feel the energetic release and shift in just one session. This session will be the first step on your personal journey back to wholeness. We have a luminous energy field that surrounds our physical body. Just as we can hurt our physical bodies, we can hurt our luminous energy field. Pain or trauma will leave etchings - "cuts" - in our luminous energy field. When our luminous field gets cut, the emotion that cut it will sit in it like an infection. We draw into our life the same events or type of people over and over again until we heal it. When you remember the memory, it is like looking at a photograph of someone else. Anyone can come back into wholeness and be transformed to live the life they have always dreamed about and could not attain.

Shaman Healing Therapies - \$50 for 30 minutes or \$90 for 60 minutes
